North American Manufacturing Research Institution of SME announces...

TWELFTH NORTH AMERICAN MANUFACTURING RESEARCH CONFERENCE AND ANNUAL MEETING
May 30-31, June 1, 1984

Michigan Technological University
Houghton, Michigan, USA
GENERAL AND REGISTRATION INFORMATION

Advance registration is important to the organization of the conference, as adequate facilities and meeting space may be arranged only when the size of the group is known in advance. Please complete the attached advance registration form and return it to us by May 5th, 1984. All registrations will be acknowledged and further information will be sent, including hotel lists, travel information, etc.

Registration will be held Tuesday, May 2nd, 3-7:45 P.M. at the Motorcourt, 220 Park Avenue, Houghton, and Wednesday, May 3rd, 9-10:30 A.M. in Fisher Hall on the Michigan Technological University campus.

FEE

The registration fee is $200.00, U.S., payable in advance. Full registration includes transportation, lunches, attendance at all daily sessions, and a boxed lunch on the NAMRC-X III Proceedings.

There will be no on-site registration fees.

The registration fee must be paid in advance or check. Any check should be payable to Michigan Technological University. A refund will be made if notification of cancellation is received within 10 days prior to the start of the conference. Substitutions will be accepted anytime.

LOCATION

The program sessions will be held in Fisher Hall on the Michigan Technological University campus, Houghton, Michigan, USA.

MAP (See Outside Cover)

This is Michigan Tech

Michigan Technological University offers an intellectual and reputation in engineering and science. It is a part of the largest college of engineering in the United States, although the University's total enrollment is about 7,500. This Michigan Tech campus is located in Houghton in the historic "Copper Country" of Michigan's Upper Peninsula. It is surrounded by a world of natural beauty and opportunities amid some of the most beautiful scenery in America.

TRANSPORTATION

Flights to Houghton can be reached via Republic Airlines through Minneapolis or Chicago. The airport code is CRQ. Advance reservations to the Houghton/Hancock airport should be made to ensure space availability.

VISIT TO LABORATORIES

The manufacturing laboratories of the College of Engineering will be open for visits as indicated in the program.

LODGING

Blocks of rooms for the conference have been reserved at the following:

1. Main Street Inn
   825 Sheldon Avenue
   Houghton, MI 49931
   (906) 472-1700

Special rates are $50 + tax for single rooms or $125 + tax for double rooms.

2. Best Western King's Inn
   218 Sheldon Avenue
   Houghton, MI 49931
   (906) 472-5000
   Distance from University is 1/4 mile.

3. Copper Crown Motel
   776 Hancock Street
   Hancock, MI 49930
   (906) 482-4111
   Distance from University is 1/4 mile.

4. College Motel
   1304 College Avenue
   Houghton, MI 49931
   Distance from University is 1/4 mile.

5. Vacationland Motel
   512-41
   Hancock, MI 49931
   (906) 482-5331
   Distance from University is 1/4 miles.

Special rates are $62 plus tax for single rooms, $93 plus tax for double rooms.

6. Surefire State HIK YO ARE ATTENDING THE NAMRC-XIII CONFERENCE AT MICHIGAN TECHNOLOGICAL UNIVERSITY WHEN MAKING YOUR RESERVATIONS.

***Please make your own reservations***

SHUTTLE BUS SERVICE

Shuttle bus service will be arranged to transport participants between hotels and the University. Schedules will be provided at registration.

Shuttle service will be provided from the airport on Tuesday afternoon. Times will be arranged by flight schedule. Please indicate your registration form your annual time and interest in this service.

SPONSORS PROGRAM

Tours of the Keweenaw Peninsula with stops at local specialty shops and local museums will be arranged. The program will be advertised to those attendees who will join conference participants for picnics and dinner on Van Deusen Bay. Please indicate your interest on the registration form. The charge will be determined when we know the number of guests interested.

PARKING

For those driving to campus, free parking is available in Lots or adjacent to Fisher Hall, and the Conference Student Parking Lot on the campus. A map will be mailed upon receipt of the advance registration form.

CLOTHING

Early summer in the Keweenaw Peninsula is unpredictable and participants should plan to bring pockets for cool evenings and some appropriate clothing for rain. Bring shorts, warm weather clothing, raincoats, etc., as well as you will have an opportunity to unwind in MTU's new Student Development Center.

For additional information about the conference, please contact:

David W. Sedberry, Chairman
Department of Mechanical Engineering Science
Michigan Technological University

PROCEEDINGS

All participants in the conference paying the registration fee will receive a bound copy of the NAMRC-XIII Proceedings. Those who wish to order copies must order them in advance of the conference. After June 1, 1984, copies will be available by mail order through the Society of Manufacturing Engineers, One SME Drive, P.O. Box 930,Dearborn, Michigan 48121, U.S.A. at $50.00 for NAMRC/SME and SME members and $60.00 for nonmembers.

CONFERENCE ORGANIZATION

The North American Manufacturing Research Conference was created by a group of researchers dedicated to further knowledge, and its dissemination, still applications in the field of manufacturing. Presently, the Conference is part of the activities of the North American Manufacturing Research Institute of SME.

The papers presented in this Conference have been selected by the Scientific Committee of NAMRC/SME, from a large number of submitted abstracts. Conference arrangements are the responsibility of the NAMRC-XIII Organizing Committee, Michigan Technological University.

CONFERENCE PROSPECTUS

The Twelfth North American Manufacturing Research Conference (NAMRC-XIII) is designed to provide a forum for the presentation and interchange of discussion and results of basic and applied research in manufacturing and related manufacturing. The format of the Conference is similar to that of NAMRC-X (McMaster University, 1983), NAMRC-XI (Wichita State University, 1982), NAMRC-X (Bentley College, 1981), and NAMRC-X (Michigan Technological University, 1980). The papers presented in this conference will be published in a volume of the conference proceedings, and will be available to all participants and attendees. The proceedings of the conference will be submitted for publication in the conference proceedings and will be available in various forms throughout the world.
